I had the privilege of receiving Planning Engineering and Primavera P6 Advanced Level training from Mr. Sujoy Dutta. What sets Sujoy apart is his unique approach of providing one-to-one training by limiting the batch size. This personalized setting allowed for focused attention, making it easy for everyone to grasp the concepts. Sujoy's calm demeanor and abundant patience create a supportive learning environment, ensuring that each participant understands the material thoroughly. His deep knowledge of Planning Engineering and Primavera P6 shines through as he effortlessly breaks down complex concepts into easily digestible components. Furthermore, his use of real-world examples and case studies enhances the practical application of the knowledge gained. Sujoy's professionalism and dedication are evident in the well-structured training sessions, enabling us to cover a comprehensive range of topics. Attending Sujoy's training has been a valuable experience, and I am confident that he can provide the same level of personalized attention and high-quality instruction to anyone seeking to excel in Planning Engineering and Primavera P6.

Sujoy Dutta has been my mentor. he has an extensive knowledge on Project Management and tools like Ms Projects and Primevera. I will rate him very high on few parameters to start from his communication, creativity, leadership style, patience and last but not the least his technical sound knowledge on subject. I would highly recommend him for PMI-PMP, Ms Projects and Primevera Trainer for individual as well as corporate Training program. [See less](#)

It was a well-organized, well-designed, and specially tailored marathon course with 1 to 1 interaction. Mr. Sujoy you really deserve nothing less than "5 STARS" for this. This course provided me a strong foundation for implementing all my expertise through Primavera P6 software in the field of project management. I have no hesitation in recommending it for those who wish to get a comprehensive understanding of project management through Primavera P6 software from an excellent instructor who really knows his stuff, is enthusiastic about the topic, and who is always willing to share his knowledge and expertise. Life-time online support for the subject matter through a WhatsApp group is just an Icing On The Cake. Thank you Mr. Sujoy! Well done! What an amazing & wonderful learning experience this was. Mr. Sujoy has an excellent approach to the way he goes about his training sessions. He makes his students very comfortable during teaching and literally holds their hands and trains them.

I had the opportunity to train under him for Primavera P6. During the 3 days of training I got more interested in learning the software than before because of his way of explaining. He delivers more than he speaks. Strongly recommend Mr. Sujoy for the training that he offers. All the best Sir!! [See less](#)

I had the pleasure of taking Primavera P6 Training from Mr. Sujoy. I will say his teaching skills are first-class well detailed, and hands-on approach. This training has further equipped me and helped build my confidence with strong in-depth and advance knowledge of primavera with application into project planning and scheduling. I highly recommend any colleague to take this class for further carrier enhancement. [See less](#)
